## Groups formed to seek access road

By BILL WINTER

Four subcommittees were created Monday afternoon by the Highway, Traffic and Transportation Committee of the Tri-Cities Area Chamber of Commerce to seek early construction of an access road between central Granite City and the shopping center area along Nameoki Road.

Chairman Richard Ervay, who presided, was authorized to appoint subcommittees consisting of five members each to handle the following assignments:

1. Secure easements for the proposed road.
2. Work out financing arrangements.
3. Estimate the cost of the road and make sure that any required state approval is obtained.
4. Convey findings and conclusions to the City Council for its consideration.

Cost estimates will relate to a roadway extending from the Pontoon Road area to either 25th Street or 22nd Street, it was decided during the "searching and comprehensive" discussion held at the Chamber of Commerce office.

Purpose of the large gathering was "an effort to get construction started on an access road behind the Crossroads and Nameoki Village shopping centers to relieve traffic congestion on Nameoki Road."

Chairman Ervay opened the special meeting by inviting Norman Hall and Richard Kerch, former chairman of the committee, to bring the group up-to-date on past activity to encourage installation of the access road.

Both Hall and Kerch noted that the road proposal has had the general endorsement of the state government for some time, but that the state opposes an exit directly onto Pontoon Road west of Nameoki Road.

An ordinance granting to National Steel Corp., owners and operators of Granite City Steel, the right to install, operate and maintain electric, water, gas, steam and communication lines under and across certain Granite City streets was enacted by the City Council Monday night.

The bill was approved by a unanimous council vote after Leo Konzen, Granite City attorney, told the aldermen the measure was necessary to connect the physical properties of the Granite City Steel along Madison Avenue to the former General Steel Industries plant facilities which have been acquired by National Steel.

Only brief discussion of the measure followed presentation of the ordinance by Alderman Roy Poulos as chairman of the Ordinance Committee.

Alderman Walter Norn told council members that "I'm sure all of us are willing to go along with this. We know we can use jobs around here, and while they (the steel firms) have not announced any plans, this is a good indication that they are planning something."

The right, privilege and authority to "operate, maintain, replace and remove" lines under and through certain streets and sidewalks was granted for a period of 50 years from the effective date of the ordinance. The ordinance became effective upon passage.

The Granite City Steel division of National Steel Corp. purchased the 118-acre installation formerly occupied by the Castings division of General Steel Industries, Inc. last March. At that time, Nicholas P. Veeder, chairman of Granite City Steel, said, "We expect to develop constructive uses" at the former GSI plant.

## Engineer for overpass to W. Granite

The Granite City Council, acting on a recommendation of its Street and Alley committee, voted Monday night to retain M. W. Engineers and Architects, St. Louis, as the city's consulting engineer in planning construction of an overpass from the downtown district to West Granite.

The M. W. firm has handled all engineering work for Granite City's secondary sewage treatment plant which is now under construction on the grounds of the Granite City Army Installation, and was recommended for the overpass engineering over two other engineering firms which were among those seeking the assignment.

M. W.'s first objective will be development of a site location study to determine the most feasible location for an overpass spanning the railroad tracks between downtown Granite City and West Granite. Cost of the project has been estimated at between \$3 and \$4 million.

The site study will determine the most accessible route over the railroad tracks at the smallest construction cost. The M. W. firm also will handle design work when the overpass project advances given final consideration for the job, according to the city engineer.

**BETTING MATERIAL SEIZED HERE** Monday night during a Granite City police raid on Arky's Rum Dum Club, 1539 Madison Ave., at 10:20 p.m. Monday and seized what they regard as gambling equipment.

Officers said the raid was the result of three weeks of information gathering which led to the obtaining of the warrant. Six officers entered the tavern, ordered the customers to leave and began to search the premises.

## Want to bet? Not here

Granite City police raided Arky's Rum Dum Club, 1539 Madison Ave., at 10:20 p.m. Monday and seized what they regard as gambling equipment. About \$5 patrons in the tavern were asked to leave as police entered, displayed a search warrant and announced the raid.

Katherine "Arky" Jones, 53, of Villa Drive, operator of the tavern, was charged with possession of gambling paraphernalia and maintaining an establishment for the purpose of gambling. She was released after posting \$200 cash bond.

Among the items confiscated were several thousand "Nevada tabs," printed slips of paper which are usually purchased for 50 cents and are torn open. Symbols inside match those of slot machines (lemons, oranges, bells, etc.) and winning combinations pay from 50 cents to \$20.

Both used and unused Nevada tabs were found under the bar of the tavern and officers found another four unused boxes of the tabs in an oven, it was alleged.

## 'Y' renovation funded

Major renovation of the Tri-City Area YMCA Young Men's Christian Association has been assured by the success of a special fund campaign, it was announced today.

A \$75,000 goal was established and more than that has been raised in cash and pledges, Fred Cunningham, YMCA president, said. As a result, the renovation campaign has been completed.

The projects to be done were the following:

- 1) Redecorate the lobby, a task which has been completed.
- 2) Install a small boiler for use in the summer months; it has been completed.
- 3) Repair the large boiler to allow more efficient use of fuel; the work is complete.
- 4) Repair a crack in the beam in the swimming pool; this has been done.
- 5) Replace windows with new

## Venice man killed today as boom of crane falls

Willie Palm, 46, of 1218 Douglas St., Venice, was fatally injured when a crane boom was dismantling fell on him along the side of St. Thomas Road just north of West Chain of Rocks Road at 8:35 a.m. today.

Mr. Palm was a crane operator for the Illinois Terminal Railroad.

The assistant crane operator who was with him, Melvin Wiser, Carlinville, said they were preparing to move the portable crane-truck from the roadway onto the railroad tracks and were removing pins to fold the boom.

Mr. Palm had removed one pin and used a hammer and punch to remove the second pin when the center of the boom collapsed on him.

## Increase in special car license plates opposed

By JOAN MURARO  
Press-Record

Springfield Bureau  
For awhile there, it looked like the turtle, the swan or the dogwood might grace some Illinois license plates.

Now, it seems they won't after all — at least not for awhile. Not because there isn't any precedent for it, but, ironically enough, because there's too much precedent.

It isn't that the bald eagle and the prairie chicken lack the charisma of a "ham" radio operator, a funeral director or a student driver. Rather, the secretary of state's office, which controls the plates, feels the state has been overdoing a good thing, in issuing special licenses.

The proposal that the state adopt an optional non-game license plate program, similar to that already in operation in several other states, came from Vernon Kleen, non-game biologist in the Illinois Conservation Department's wildlife section.

Under the plan, Illinois drivers could, if they wish, pay an extra \$10 and select a "save our wildlife" or "save our environment" plate, adorned with a small picture of an endangered plant or animal.

Mr. Kleen, as he is known, has drawn some suggested plates, with the motto and picture at one side.

With departmental approval, it was planned to present the idea to the legislature. Sec. of State Michael J. Howlett's office was asked to evaluate it, since that office has responsibility for ordering, selling and distributing plates.

While no official decision has been announced by Howlett's office, Administrative Assistant Larry Richardson said that he expects the decision to be "no."

Special plates, Richardson said, cause a "terrific problem" now, with 100,000 out of five million plates already devoted to some cause.

There are, for instance, plates numbered one through 177, for the members of the Illinois

House, and another set running through 58 for the senators. There are about 20,000 plates for the handicapped, and still others for disabled veterans and for amateur radio operators usually carrying the "ham" or "call letters".

Also, licenses for driver education vehicles, as well as special plates for funeral directors and farmers, and "special mileage" plates for truckers.

Presently, citizens' band radio enthusiasts — 3,000 strong — are pushing for their special plate, too, he said.

Roughly 6,000 amateur radio operators pay an additional \$3 for their special orders. But most of the others can be obtained on request without extra cost, though in some cases documentation may be required.

"We have nothing against any of these ideas," Richardson said, "and wanting to help wildlife is fine. But the law already requires us to have 'Land of Lincoln' and 'Illinois' on plates, and there's only so much room."

Citing his sample designs, Kleen counters that there is ample room on the plates for the little message to raise money for non-game purposes.

Recent emphasis on management, and organized activity by hunters and sportsmen's groups, has succeeded largely in protecting game species.

However, sportsmen have long maintained that non-hunters benefit from their money and effort, without contributing a share, a situation which the optional extra charge for plates would help correct.

In some other states, additional charges are as much as \$30 over the basic plate cost. Despite this, thousands are sold, Kleen said.

Illinois drivers don't seem likely to get to show whether they would pay extra, since Harold Ellsworth, assistant to Conservation Director Tony Dean, said, "If there is any

## Screening aids student programs

Oral reports were given by Don Shaffner on the off-campus education program, involving students in the Granite City Schools, and by Larry King concerning the construction class which is building a house in the 2500 block of Clark Ave., at a meeting of the Granite City Board of Education.

Shaffner reported 171 students are participating in the educational project and said that because of the newly-initiated screening program, more students are remaining in their selected training courses.

The students are advised in regard to the credits they have at the beginning of the interviews and are then aided in the selection of subjects at school, keeping in mind credits needed for graduation before they enroll in the off-campus training.

King advised the board that interior work will be in progress this week at the Clark Avenue house. He projected the completion date at about May 1.

Tentative plans are being considered for the construction of a second house on Bermuda

Lane to begin about March 1, King reported.

All school records pertaining to students are considered confidential, but parents or legal guardians now may view their children's school records by contacting the board office or building principal where their child attends classes for an appointment.

Although a new law has been passed permitting parents to see the records, the local school system has had the program in effect since April 23, 1973, according to B. J. Davis, superintendent of schools.

Total bills approved by the board included: \$101,880 in the educational fund, \$20,885 in the building fund, \$1,530 in federal funds, \$1,285, joint agreement fund; \$49,566, transportation fund; \$1,253, tuition reimbursement; \$859, travel allowances-educational fund, and October disbursements for the cafeteria, \$66,856.

The board awarded contracts to the lowest bidder on various projects, including: Rubelmann Lucas Inc., St. Louis Shade and Hardware Co., Sligo Division

Mid-Continent Supply and Henges Hardware, for a total of \$2,675 for hardware items; Spirit Process Duplicator paper to cost \$1.73 per ream from A. B. Dick Products, for an order amounting to \$1,730.

Approval was granted by the

board for use of facilities by Cub packs of Cahokia Mount Council for annual Blue and Gold banquets in February in Frohardt, Lake, Logan, Marshall, Mitchell, Nameoki, Niedringhaus, Parkview, Stallings, Washington, Webster and Wilson schools.

The park district was given permission to use Grigby and

## \$55,000 bonds in robbery case at Venice

Bonds of \$55,000 each were set Tuesday for two St. Louis men named on three charges in connection with the weekend hold-up of the Venice Liquor Store, 324 Broadway, Venice. Ira Steele, 29, and Vernon E. Dillon, 36, were charged with armed robbery, attempted murder and armed violence after they allegedly took \$50 cash and a quantity of whisky and cigarettes from the liquor store at 2:25 p.m. Saturday.

Police said one man fired a shot at Mrs. Christine Griggs, a clerk in the store. The bullet pierced her jacket but did not injure her.

Mrs. Griggs said two men entered the store, ordered a bottle of whisky and announced a holdup. She handed the cash register to make change. She said she closed the cash register and refused to open it, angering one of the men who fired the shot.

Venice police saw a car fitting the description of one in which the men escaped, gave chase and with the aid of National City officers apprehended the men near the stockyards.

## Engineer

(Continued from page 1)

cording to Alderman Clyde Boyd, chairman of the committee.

Boyd said his committee originally received applications for the overpass engineering firm from seven engineering firms about three months ago.

After several meetings, the number of applicants was reduced to five. Two of these later were eliminated, leaving three principal contenders for the project work. Boyd said the committee then called for fee estimates. These given final consideration were the M. W. firm, Flagg, Scheibel, Sherbut & Associates of St. Louis.

Following council action hiring the engineer, Mayor Paul Schuler told the council that he has been encouraged by the apparent availability of funds under the Federal Aid to Urban Systems program by which the city hopes to finance construction of the proposed overpass over a three-year period.

"With this money available, Granite City could come up with its 30 per cent local share for some of our most needed improvements and obtain 70 per cent of the cost from FAUS," he said.

"I would even be in favor of deficit financing to finance local shares," he added.

This contest will afford the opportunity for the winning candidate to continue to seek scholarship awards at the Illinois State Pageant and help her to secure an education at the college of her choice," Gann added.

"I will even be in favor of deficit financing to finance local shares," he added.

# Venice five ready to start 'tough schedule'

Venice High School will open its 1974-75 cage season at 8:15 p.m. Friday at Columbia with hopes that the game will launch the successful Red Devils on still another winning season, remaining a powerhouse in state Class A basketball competition.

Venice's Richard Essington, in his second year as VHS cage

GRANITE CITY PRESS-RECORD  
Wed., Nov. 27, 1974 Page 6

mentor, views Friday's clash with the Eagles as the first game of "a tough schedule."

"Columbia probably will have one of its best ballclubs in years," speculates Essington,

"especially with Jay Walhaus and Todd Stump returning." Walhaus is a 6-5 junior center who last year hit on 57 per cent from the field. Stump is a 6-4 senior who last season hit 50 per cent from the field and 78 per cent from the foul line. Both were instrumental in the Eagles' 13-13 season record.

Venice defeated Columbia 57-38 in last year's season opener while enroute to a 27-4 record which included championships of the Columbia-Freeburg tournament and Dupo tournament. The Devils took the regional title and sectional title before being eliminated from further competition by the eventual Class A state champion, Lawrenceville in super-sectional competition.

Other than Lawrenceville, the Red Devils also lost to Vashon of St. Louis 69-63; Madison 48-46 and Sumner of St. Louis 63-59.

Partially responsible for a "super" season in 1973-74 was all-star Ron Henry, who has since graduated and is now playing for the Kansas State Tigers.

Essington notes that with Henry gone, Venice has been forced to change its style of playing.

"We had to depend on Henry quite a bit last year," recalls Essington. "Our main attack consisted of getting the ball inside to him."

"This year," he continued, "people are going to see a fast-breaking club that will attempt to get the shots in before the other schools' defense has a chance to set up."

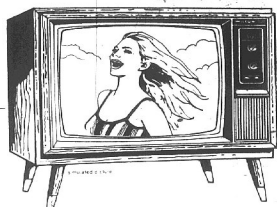

"We have the good speed and all-around shooting ability to get the job done."

Slated to start Friday are: Mike Henry, 6-6 senior center; Algie Crawford, 5-11 senior forward, who is a transfer student from Madison High School; James Crowder, 6-2 junior forward; James Turner, 5-9 junior guard described as a great left-handed outside shooter; and Jeff Corrie, 5-10 senior guard who may be the team's playmaker this year.

Junior Reggie Gardner also is among those who will see action this season. Last year as a sophomore, he averaged 21 points a game and had a season total of 273 points.

"Reggie," says Essington, "has real good outside shooting ability and great speed."

BASKETBALL RED DEVILS. The 1974-75 Venice High School team will see action Friday on the courts at Columbia. Kneeling, from left, are Mike Logan, 5-11, Jeff Corrie, 5-10, James Turner, 5-9, and Reggie Gardner, 5-9.

Complimenting the team also will be Mike Logan, 5-11 senior, who last year scored 341 points for the Red Devils and is considered to be the squad's most improved player.

Larry Arnold, a 6-0 sophomore, also may see action. He is praised as a great rebounder who gets both hands near the rim.

"Basically," says Essington,

"our defense won't vary that much. We'll go with the man-to-man and, when necessary, switch to the zone."

Venice has made two changes in its schedule. Deleted this year is a game with Marissa in favor of a contest with Assumption, and the Dupo journey has been replaced with the Sparta Mid-Winter Classic.

## 42 teams in 10 GC park cage leagues for '74-75

An estimated 420 players, representing 42 teams and 10 leagues of the 1974 Granite City Park District basketball program, are taking to area courts this week.

Eight of these leagues are in the adult men's divisions (high school seniors and older) which originated in 1957.

There are six teams in the women's division (high school seniors and older) and four teams in the high school boys' league. The women's division is the newest in the program, having been started two years ago.

## 4-1 hockey loss

The Granite City club of the Madison-St. Clair High School Ice Hockey Association is now tied with Wood River for third place in league standings, both with 2-3 records, after the local club lost 4-1 to Edwardsville Friday at the Wilson Park ice rink.

Granite City's goal was scored in the third period by Doug Purkey.

Defending champion Alton kept its first-place standing intact at 5-0 with a 7-2 victory over Wood River Friday, and then downed Collinsville 6-0 Saturday. In a second contest here Saturday, Edwardsville beat Wood River 4-2.

Edwardsville holds second place with a 3-3 record and Collinsville is 1-4 thus far.

# Madison tops South, 64-56

Two Quad-City area high schools kicked off the 1974-75 basketball season here last night at the GCHS South gymnasium, the Madison Trojans defeating the host Warriors 64-56.

Both teams demonstrated balance in scoring. MHS quarter leads were 15-13, 37-28 and 50-38.

"We were ahead 10-1 in the first quarter," recalls Trojan Coach Larry Graham, "but South made good a volley of shots to tie it at 13-13 just before the buzzer."

Trojan junior forward Curtis Bradley broke the tie with a long, desperation shot just as the period ended.

Madison rallied behind the double-figure shooting of two players to outscore the Warriors in all but the fourth period; 6-1 senior Rudolph Bradley hit eight field goals and five free throws for 21 points, and 6-1 junior Ron Jones had nine goals and two foul shots for 20.

Scoring also for the Trojans were Curtis Bradley 10, Leroy Booker five and Mike Williams and Emmett Timmons, four each.

South was led in scoring by 6-2 senior Bob Hutchings, four baskets and nine free throws for 17 points. Ken Bertrand, 6-5 senior, had 13 points, Rick Fancher 10, Dave Naglich nine and Jim Nolen, seven.

The Warriors hit 71 per cent from the foul line, 24 of 33 attempts, pulled down 27 rebounds and turned the ball over to Madison 21 times. MHS was 47 per cent from the foul line with eight of 12, recovered 36 rebounds and turned the ball over 14 times. South had the least fouls, 12-29.

"We felt we needed to win," remarked South's athletic director, Roger Smith. "It

would've been a great boost to us going into this weekend's contest with Mascoutah."

South will meet Mascoutah at 8 p.m. Saturday on the Indians' home court. The Indians recorded a 22-5 season last year and lost to Breese Mater Dei in Class AA sectional play.

"Mascoutah draws many of its players from Scott Air Base. That gives them a lot of transfer boys from all over the country," Smith noted.

Madison will carry its 1-0 record into this weekend's tough Collinsville tournament on Friday and Saturday.

The schedule at Collinsville is: Friday — Quincy Catholic Boys vs. Collinsville jayvee team at 7 p.m. and Madison vs. Collinsville 8:30 p.m.; Saturday — Collinsville vs. Collinsville jayvee 10 a.m., Quincy CB vs. Madison at 2:30 p.m., Collinsville (JV) vs. Madison (JV) at 7 p.m. and Collinsville vs. Quincy CB at 8:30 p.m.

The Trojans in the meet last season defeated Quincy CB and Thornton North before losing to the Kaskas.

## Cage, wrestling activity Saturday

Basketball and wrestling programs for boys in the third through sixth grades start Saturday at Coolidge Junior High, according to Mike Jesse, Park District recreation director.

Third and fourth grade boys may register at 9 a.m. Saturday and fifth and sixth grades start at 10:30 a.m. David Bradford and Bob Miller will direct the basketball and wrestling, respectively.

## 222 by Lungwitz

Fifteen-year-old Bruce Lungwitz, 3112 Jill Ave., topped 100 other bowlers in rolling a 222 game to give his Granite City Pinbuster team a third-place finish among the 20 teams which competed in the Airport Plaza Bowling Tournament at Bethalto.

## Little Rascals banquet Sunday

The Granite City Little Rascals boys' football club will hold its second annual award banquet at 1:30 p.m. Sunday at the Nameoki Recreation Center, Franklin and Amos avenues.

Head Coach Tom Wyrostek of the North High Steelers, who has two former Little Rascal players on his grid squad, will be guest speaker.

Players and cheerleaders from the club's four teams will be honored at the dinner. The local club is part of the 82-team Tri-County Junior Football Conference.

## Host Czech five

The SIUE basketball team will make its debut Saturday in an exhibition game against the Czechoslovakian national Olympic squad. Tipoff time is 8 p.m. and the game will be played at the Edwardsville High School gym. The Czech cagers finished eighth in world competition last year.

## Fires damage store, trailer

Fire, caused by a faulty furnace, caused about \$600 damage to clothing in Lord Nelson's 1222 Nineteenth St., at 6:35 p.m. Monday.

The natural gas furnace was believed to have flared, catching nearby clothing on fire. Some clothing was destroyed and a quantity of denim pants sustained minor damage. Store employees used hand fire extinguishers to control the blaze until firemen arrived.

There was only minor damage to the building. Firemen were on the scene one hour and 10 minutes.

Fire at 1 p.m. Monday caused about \$5,500 damage to the mobile home of Carmen Byrnes, 2610 Cayuga St.

A faulty furnace again was believed to be the cause. No one was at home at the time of the fire.

The fire was contained in the bathroom and bedroom area, but the remainder of the interior sustained smoke and water damage. The loss was estimated at \$2,500 to the mobile home and \$3,000 to the contents. Firemen were on the scene one hour and 15 minutes.

## Extra sessions at GC ice rink

Extra skating sessions scheduled at the Wilson Park ice rink during Thanksgiving holidays were announced today by Harold Brown, park district superintendent.

A special Thanksgiving Day session will take place from 7:30 p.m. until 10 p.m. Thursday. Skating periods Friday will be from 1 p.m. to 3:30 p.m. and from 7:30 p.m. until 10 p.m. The regular operating schedule will be resumed on Saturday and Sunday, Brown said.

## TRUCK IS RECOVERED

A truck loaded with fuel drums and hydraulic equipment reported stolen Thursday from Paul Seebold Concrete Co., 22nd Street and Railroad Tracks, was recovered this weekend at 27th Place and Circle Drive. Thirty gallons of fuel from a 50-gallon container were taken.

**CONCENTRATION** is needed in applying just the right amount of eye makeup. Brunette Karen Ann Koliste, a Miss Granite City candidate, learns how to emphasize her hazel colored eyes from Betty Knox of the Merle Norman Cosmetic Studio staff. The beauty-talent pageant will take place at 7:30 p.m. Friday at Granite City High School South auditorium.

## Varsity wrestling campaign to begin

Granite City High School North and South both open their 1974-75 wrestling season this weekend.

The Steelers will meet the Assumption Pioneers for the first time ever at 1 p.m. Saturday, at North High, and the GCHS South Warriors will open at Normal, Ill., at 1 p.m. the same day, in a triangular meet with Danville and the host school.

Injuries plague both Granite City teams this year. North will meet Assumption with only seven experienced matmen and

should be strong in those weight classes — 105, 112, 119, 126, 145, 155 and heavyweight.

The Warriors defeated Normal last season and Saturday will mark the initial meet with Danville.

South mentor William Schmitt reports that 112-pound matman Woody Halbrook may see action despite a nagging injury.

Last year's outstanding freshman Jim Carmody will fill in at 132 for Dan Hasty who is suffering with a sinus condition.

opener enroute to a 14-11 cage season.

But North could not stop the scoring power of Okawville's Dan Schuessler and Jeff Schraeder near mid-season and lost to the Rockets 58-36.

Both Springfield players are returning this season as seniors. The Rockets were 21-6 overall in last year's competition.

**Richard Dickerson succumbs**

Richard Harold Dickerson, 54, of 805 Grand Ave., Madison, a lifelong resident of the Quad-Cities, died at 12:18 a.m. today at Firmin Desloge Hospital, St. Louis.

After several months, he had been hospitalized one day. He was born in Elco, Ill.

Mr. Dickerson owned and operated Quality Cleaners in Madison for 18 years until a year ago when he became ill. He was a member of Concordia Lutheran Church.

Mr. Dickerson is survived by his widow, Mrs. Ella Dickerson; three daughters, Mrs. Alice Kudelka of Granite City, Mrs. Ricky (Patricia) McMichaels of Canton, Ohio, and Mrs. Jamie (Linda) Annabelle of Madison; one brother, James Dickerson of Granite City; a sister, Mrs. Henry (Rose) Hoffman of Madison and three grandchildren.

Funeral arrangements are given in the obituary column.

**Mrs. Bonnie Boyer, 48, dies**

Mrs. Bonnie Ann Boyer, 48, of 2230 State St., Ill. for several months, died at 7:50 p.m. Tuesday at St. Elizabeth Hospital.

She was born in London, Ohio, and resided in this area 27 years.

Mrs. Boyer was a member of St. Joseph Catholic Church and also belonged to St. Ann's Altar Society and Our Lady of Fatima Circle 835, Daughters of Isabella.

Survivors include her husband, Edward F. Boyer, one daughter, Michele, and Margaret Boyer, all of Granite City; two sisters, Mrs. Jack (Rebecca) Harrison and Mrs. Irving (Barbara) Wahlstein, both of Columbus, Ohio, and one grandchild.

Funeral arrangements are given in the obituary column.

**Revival for deaf at Roxana church**

A church revival designed for persons who are totally deaf or those hard of hearing will take place at the Bethel Freewill Baptist Church, 200 Sinclair Ave., South Roxana.

Services will be held Sunday 9-4 a.m. and 7 p.m., and resume Wednesday, Dec. 4 through Sunday, Dec. 8, at 7:30 p.m. daily.

Funeral services of the Bill Rice Ranch at Muftreesboro, Tenn., will serve as evangelist, using sign language and voice presentations. All area residents are invited to attend the special services.

**Hurt on Madison**

Mrs. Doris Lewis, 55, Dupu, was injured when her auto and the car of Louis Cross, 1103 Logan Ave., Venice, collided at 20th Street and Madison Avenue at 4 p.m. Tuesday. Cross was charged with driving after his license expired.

Mrs. Lewis was taken by ambulance to St. Elizabeth Hospital where she was treated for contusions to her head and left leg. X-rays were taken and she was released.

**CAR HITS WINDOW**

An auto, operated by Mrs. Gladys Filter, 1702 Kirkpatrick Homes, crashed into a large window at Glass Specialty Co., 21st Street and Madison Avenue, Friday, after an accident with the auto of Henry I. Byrd, 5 Briarcliff Drive. A previous report that Byrd's auto struck the window was in error.

**News notes**

Moody's Investors Service has given Madison County an A rating on its credit, indicating that it may be able to issue its \$4 million in jail construction bonds at about six per cent interest, costing \$6,800,000 over the next 20 years.

An initial estimate was seven per cent and a \$7,300,000 cost. An even better rating was denied because of the lack of a steady upturn in overall assessed valuation during the 1970s.

Auto license plate sales at local banks will start Monday.

The 125,000-light Christmas display at Our Lady of the Snows on Route 460 will be illuminated at 5 p.m. Friday, continuing nightly.

An information network to identify Illinois prison inmates on furlough will go into effect Friday through the Law Enforcement Agencies Data System (Leadnet).

The Illinois Board of Elections certified Monday that an amendment limiting the governor's broad veto power failed 1,302,313 to 1,329,719. The final tally also showed Democrats with a 35-25 advantage in the Senate and 101-72 control of the House.

Democrats won University of Illinois trustee posts—Nina Shepherd 1,535,875; Robert Leach 1,409,944 and Arthur Velasquez 1,378,577 defeating Republicans Tim Swan 1,351,294, Russell Steger 1,107,032 and Gardner Heidrick 1,042,875. The 101 Democratic representatives included three independents expected to take seats with the majority.

Granite City Steel President Howard M. "Pete" Love will be guest speaker at the December dinner meeting of the Southwestern Illinois Metropolitan and Regional Planning Commission at 8:30 p.m. Thursday, Dec. 5, at Charlie's Restaurant, Granite City.

Mr. Bulla was employed for 36 years at the former Union Star and Refining Co. as a firm in the boiler department prior to his retirement 25 years ago.

## Witnesses plan circuit meet

Elmer C. Zeugin, presiding overseer of the Granite City congregation of Jehovah's Witnesses, has announced the forthcoming semi-annual circuit assembly of Illinois Circuit, to be held Nov. 30 and Dec. 1 at the Belle-Claire Exposition Hall, Belleville.

The theme of the assembly, "What Sort of Persons Ought You To Be," is based upon 2 Peter 3:11, and will be made apparent through the various Bible discourses, group discussions, and demonstrations designed to illustrate the thought.

It is expected that over 2,400 Witnesses will be in attendance.

The program for Saturday evening will be entitled "Being the Kind of Person Jesus Christ Is."

Principal theme of the meeting will be "What The Near Future Holds." It will be discussed at 2 p.m. Sunday by the district overseer of Jehovah's Witnesses.

Zeugin, in behalf of the Granite City congregation, invited all interested persons to attend the meetings of the assembly. As with all meetings of Jehovah's Witnesses, there are no admission charges or collections taken, he said.

Games were played and prizes were awarded to those present.

The hostesses served a dessert course to Mrs. Evelyn Woods, the bride's mother-in-law; Miss Nancy Woods, Miss Julie Jackson, Mrs. Rianna Fowler and daughter, Carol Ann, Mrs. Kathy Dorich, Mrs. Martha Dorich, Mrs. Mae Horn, Mrs. Lillian Fowler and Mrs. Carla Rushing.

The former Miss Evelyn Rushing was married Sept. 24 to Daniel R. Woods, U. S. Navy, at the home of the bride's parents.

**Mrs. Daniel Woods is shower honoree**

A post-wedding shower honoring Mrs. Daniel (Evelyn) Woods was given last week by Mrs. Wilma Rushing, the bride's mother, and Mrs. Diana Rushing.

The party was held at the Rushing home, 2428 Madison Ave.

Games were played and prizes were awarded to those present.

### Federal aid Kiwanis topic

Federal aid to education was the topic of the Thursday morning Kiwanis Club which met in Charlie's Restaurant. Kiwanian B. J. Davis, superintendent of schools in Granite City, introduced the speaker, Dale C. Rea, assistant to the superintendent. Rea said that on the basis of a local educational fund budget of \$16,781,000 federal aid amounted to \$744,000, or 4 1/2 per cent of the budget, representing a savings of four cents on the dollar to the taxpayer.

Nationally, the average is seven per cent, but many government programs do not apply to the local school district as it is not racially integrated, he said.

Two types of aid are received according to Rea, including general aid which the district may spend anyway it wants and categorical grants which specify how the money must be spent.

Some of the monies received for 1973-74 were: under Title Two, \$30,000 for the library fund; Title Three \$2,500; vocational technical program, \$30,000; and capital outlay for equipment, \$25,000.

The largest amount of federal money was \$264,000 received under Title One for low income family assistance and a pre-school program.

The United States Department of Agriculture granted \$134,000 for a free lunch program in which 2,000 local children are participating.

The district received only \$108,000 of the \$165,000 to which it felt entitled in the government's Impact Aid program. This is money allotted where the government has non-taxable facilities in a district.

The Breakfast Kiwanis will not meet Thursday due to the Thanksgiving holiday. Kiwanian Benny Miller will have the program on Dec. 5.

### Pork producers will view films

"Today's Guidelines" and "The Hidden Enemy" will be featured films and topics for discussion at a monthly meeting of the Madison County Pork Producers Monday, Dec. 2, at 8 p.m. at the Farm Bureau auditorium in Edwardsville.

Today's Guidelines is a film about producing top quality pork including breeding and selection. The Hidden Enemy shows the life cycles and control of worms and other internal parasites of hogs which rob the producer of potential profits.

# Illinois licenses egg breakers, horseshoers, weather modifiers

By MARY LOU MANNING Press-Record

Springfield Bureau

Recent legislation signed by the governor places the exclusive power of regulating 27 occupations with the state. Actually, the state already had the power to regulate and license them, but the new law now prohibits any local governmental unit from sharing this authority.

A provision in the Illinois Constitution of 1970 mandates that home rule units may perform these powers of regulation concurrently with the state, unless laws are passed prohibiting it.

Two of the proposed professions to be limited to state regulations did not meet the governor's approval. He vetoed bills giving the state exclusive regulations over sanitarians and funeral directors.

The regulation and licensing of occupations and businesses in Illinois is a big operation.

At last count, Illinois, regulating 181 occupations and businesses, heads all other states in this function. Close behind are California, with 178; Pennsylvania, 165; Michigan, 147; and Wisconsin, 140, according to a report compiled by the Illinois Legislative Council.

On the other hand, West Virginia regulates 63; Alaska, 66; North Dakota, 67; Missouri, 68; and South Carolina, 69.

Of the 181 occupations in Illinois, 44 are licensed by a board or commission, while the remaining 137 are licensed by various executive branch agencies (code departments).

Advisory boards for 10 of the occupations are created by statute and have no licensing or regulating power.

Licensing boards have the authority to set the qualifications for licensing; prepare, conduct and grade exams; award and suspend licenses; and perform other services.

through administrative agencies connected with them.

Most boards are comprised of an odd number of members who, for the most part, are appointed by the director of the Department of Registration and Education.

Beauty culturists, shorthand reporters, promoters of boxing and wrestling matches, horseshoers, detectives and investigators, plumbers, tree experts and weather modifiers are but a few occupations under a licensing board's authority.

Those occupations under the authority of an advisory board include operators of blood banks, migrant labor camps, community currency exchange and recreational areas.

These boards usually consist of practitioners in the business being licensed and have no licensing or regulating functions.

The bulk of these occupations fall into the jurisdiction of the governor's code departments and include: egg breakers, bull lessors, bingo operators, seed sellers, milk and cream testers, pet shop and dog dealers, and horse meat butchers.

Most of the licensed occupations require a certificate of license valid for one or two years.

All require an application and renewal fee, and some proof of good character, while some demand testing of knowledge. Only two — teachers and accountants — are not mandatory before practicing the stated profession in any way.

## Advisory group to meet

The Joint Adult Advisory Council for Title I and Title VII Project MICRO (Mathematics, Interpersonal Relations and Communications and Reaching Opportunities) will meet on Dec. 4, at 10 a.m. in Room 18 of the Venice High School, according to Mrs. Verla Arnold, chairman, and Mrs. Tillie McGarran, secretary.

Dr. David Valley, an associate professor of SUE and communications consultant, will talk to the group about interpersonal relations and communications. He also will speak to the seventh and eighth grade students in the Venice Area Grade School gym at 1 p.m. and to the high school students at 2:05.

Officers of the Student Advisory Council are: Michael Logan, president; Tami Eck, vice-president; Sandra Sanders, secretary; Jeff Corie, treasurer.

Other members include John Taylor, Michael Henry, Algie Crawford, Leonard Gardner, Darnell Williams, Yvonne Harmon, Peggy Pier, Robert McKinney, Sharon Taylor, Gloria Johnson, Clifford Mathis, Charles Gardner, Pawnee Riggs, Brian Mathis, Charles Colton, Carolyn Richmond, Andrea Wilbers, Andrew Powell, Barbara Matkins, Clara Hoults, Cassandra Jones, Wayne McClelland, Sabrina White, Kerry Roberts, Ida Lee Rupert and Terrence Arnold.

Venice Project MICRO and Title I reading teachers, Mary Donna Scaturro, Dorothy Smith, Barbara Bailey, Margie McGarran, and Althea Cross, director, attended the Tenth Annual Reading Conference at SUE during the weekend.

The keynote address delivered by Dr. Edward Frierson, Learning Center, Nashville, Tenn., was "Differences That Make a Difference in Reading."

One of the group sessions preceding his address featured two teachers of the Venice Grade School, Florence Durrer, first grade, and Tina Ponce, second grade, who demonstrated the Open Court Reading Series now in use at the Venice Grade School.

## Scuffle with police; couple faces charges

Frank Holmes, 2033a Bryan Ave., was charged with aggravated battery, resisting arrest and intoxication, and his wife, Peggy Holmes, 23, was charged with resisting arrest and disorderly conduct after alleged scuffles with police Sunday night.

Officers said they were called to the 2500 block of Adams Street at 10:10 p.m. Sunday to investigate a man lying in the street.

When police approached, the man allegedly jumped up and began striking officers, tearing open a policeman's shirt and causing a tie tack to be lost. The man was restrained and was taken to the Granite City Police station.

While being booked, the man allegedly started another scuffle with officers and again had to be restrained. His wife was in the lobby of the police station at the time and she was reported to have shouted obscenities at officers, authorities said.

When police tried to calm her, she allegedly resisted and also was arrested.

## Station granted license renewal

Eau Claire, Wis.—WEAU-TV has been granted renewal of its broadcast license by a decision of a Federal Communications Commission administrative law judge. The station is owned by the Post Corp.

Judge Herbert Sharfman last week issued his initial decision growing out of hearings conducted in Eau Claire in May on whether the license should be renewed in the face of billing practices involving the station's network contract with NBC.

He ruled that the station's license should be renewed for one year as opposed to the usual three-year renewal and assessed a forfeiture of \$1,000.

## Crisis intervention here a 24-hour response to persons with problems

Have you ever known someone who was seriously depressed or anxious, troubled by some fears, or felt that he or she had lost or was about to lose self-control?

Have you ever experienced a family crisis, thought about, threatened or attempted suicide or had an alcoholic or drug-related problem which required immediate medical or psychological assistance?

Has someone in your family ever felt overwhelmed by the stress from one or more problems and needed immediate mental health services?

These are real situations that can be experienced by all kinds of people — be they fireman, factory worker, office worker, student or retired person, a local "helping agency" reports.

The Crisis Intervention Service is a relatively new program which is sponsored by and operates with the Granite City Mental Health Center.

"It has just been within the last year that the program has expanded to provide a wide range of mental health services for people requiring immediate help with emotional problems,"

a spokesman told the Press-Record today.

Each crisis situation is handled individually. After the problem is evaluated, a decision is reached regarding an appropriate course of action to be taken.

Depending on the person and situation, the course of action

may require intensive or short-term therapy, hospitalization or referral to other agencies.

The Crisis Intervention Service is staffed by five crisis workers who are assisted by other clinic personnel.

Basic services provided are: 24-hour-a-day emergency telephone crisis assessment and

referral, and an active outreach program utilizing trained and experienced crisis workers in direct, face-to-face contact with clients.

Chief goal of Crisis Intervention is to restore an individual as quickly as possible to his level of functioning prior to the experience of the crisis.

Persons needing help in a emotional crisis are encouraged to call 877-4420 or go to the clinic at 2024 State St. in Granite City during regular office hours.

The clinic is open Monday-Friday, 8:30 a.m. until 5 p.m.

and on Tuesday and Wednesday evenings until 8 o'clock.

After clinic hours, help can be obtained by calling an answering service number, 1-397-3664, and the call will be promptly returned by a crisis worker, it was explained.

There is no charge for telephone intervention. Fees are determined for face-to-face interviews provided in or away from the clinic.

Fees are figured on a sliding scale based upon family size and income. No one is denied service because of inability to pay, the spokesman pointed out.

**HOLOGRAM PROJECT.** Dave Rapp of Granite City and Frankie Sievers of Hillsboro, students at Southern Illinois University at Edwardsville, prepare a hologram — a three-dimensional photograph — in a science laboratory experiment. The hologram will be of the dice; the students are aligning mirrors for a laser light beam which will project a three-dimensional image of the dice on the film to the right of the dice. When developed, the negative will have traces of light waves on film. To view it they will project it through the laser light again, and see a three-dimensional image of the dice floating in space.

### Old photos key in contest

Four old photos play key roles in guessing contest announced today by Alan Jackson, owner of Jackson Photographic, 1538 Second St., Madison.

The contest is part of the store's first anniversary celebration. Jackson said the object of the contest is to guess when the photos displayed in his store were taken.

"All you have to do," Jackson explained, "is register your guess on the entry blank available at our store." The closest guess will win.

An unusual aspect of the contest is that not even Jackson knows the correct dates. Eastman Kodak Co., Rochester, N.Y., has given the correct answers to Jackson in a sealed

envelope. He said he plans to deposit the letter in the vault of the First National Bank in Madison until it is time to check the entries.

The contest and anniversary sale will begin Friday. The store's Christmas hours also will begin on November 29 from 9:30 a.m. until 8 p.m., Monday through Saturday. The store is closed Sundays until Dec. 22, when it will be open from 3 p.m. 'til 8 p.m.

## Some improvement found in long-term care of elderly

By LESTER BELL  
Press-Record

Washington Bureau  
Sen. Charles H. Percy, R-Ill., says his Senate subcommittee hearings on substandard nursing homes in Illinois have led to improvement, but more must be done under a national policy on long-term care of the elderly.

Percy, who is ranking Republican on the Senate Special Committee on Aging's Long-Term Care Subcommittee. Since July 1989, the subcommittee has conducted three of its 22 hearings in Illinois.

Percy has joined Sen. Frank Moss, D-Utah, subcommittee chairman, and another Republican member, Sen. Pete Domenici of New Mexico, in releasing the first of the subcommittee's 12 volumes of a comprehensive study called "Nursing home care in the U.S.—Failure in public policy."

The subcommittee plans to release one volume a month before reporting its final recommendations to the Senate. Critics and opponents, meanwhile, will be given a chance to respond and their rebuttals will be included in the series.

The subcommittee's initial conclusion is that America's nursing home problems are being intensified by intolerable and costly failures in public policy.

As a result of the shortcomings and confusions in public policy, the report says:

"Millions of older Americans who have already received care in nursing homes have not received maximum help. In many cases, they have not even received humane treatment."

"In an alarming number of known cases, they have actually encountered abuse and physical danger, including unsanitary conditions, fire hazards, poor or unwholesome food, infections, overtranquilization and frequent medication errors. In addition, they have been exposed to negligence on the part of nursing home personnel."

"The net impact is that far too many patients have needlessly sustained injury and, in some instances, death."

Percy told a news conference that the Senate's Illinois hearings "led to the upgrading of the state's licensing and inspection program."

He was asked if there had been any improvement in the "absolutely scandalous" conditions which have been reported in Illinois and in the subcommittee's findings that investigators cited more than half the homes for repeated violations and never followed up.

"Yes," he said, "in both cases there has been considerable improvement."

Percy, identifying one nursing home operator, said the man has "since been driven out of business."

Others have "stopped serving garbage" and profiteers who made 200 to 300 per cent margins have also folded up.

Alluding to a nursing home fire in Springfield, Percy said that "scandalous" tragedy has caused most homes to be brought up to fire and safety standards.

Moss, in his opening statement, put much of the blame for lax nursing homes on the Department of Health, Education and Welfare.

Both he and Percy praised Undersecretary Frank Carucci, who is leaving for an ambassadorship.

"His efforts were one bright light in a department characterized by neglect, indifference and ineptitude," Moss said. "I can only hope that the 'new guard' in HEW will give due attention to nursing home problems."

Moss said there are "many fine long-term institutions in America."

"In a way, we do them an injustice because so much of our report deals with those who abuse the system or who offer inadequate care." The American Nursing Home Association in a statement said the report contains many "worthwhile findings and constructive

recommendations" but it voiced concern over the negative aspects.

"We are hopeful that the succeeding portions of this report will properly recognize the great progress that has been made in nursing home care in a few short years," Ahn said.

ANHA announced plans for a national conference on the problems of long-term care. It is tentatively set for Washington next June.

Besides professional health care organizations and consumer groups, "the aged and nursing home patients themselves will be invited to take part," said Dr. Thomas G. Bell, ANHA executive vice president.

## Reach verdicts in deaths here

A verdict of death by natural causes was returned by a coroner's jury impaneled by Madison County Deputy Coroner William Sternberg in the death of Mrs. Elizabeth Rhodes, 72, of 2129 Dewey Ave., on Nov. 9.

Mrs. Rhodes was found on the floor next to the bed in a rear bedroom at her home by police who were accompanied by Mrs. Rhodes' sister-in-law, Mrs. Frank Zimmer.

A verdict of probable suicide was noted in regard to the death of Leo J. Battreal, 34, of 1923 Benton St. Battreal was found without signs of life inside a closed refrigerator in his apartment on Sept. 25.

## Reports for duty

Coast Guard Seaman Daniel W. Worthen, son of Mr. and Mrs. James P. Worthen, 324 Aubrey Ave., and whose wife Denise is the daughter of Mr. and Mrs. Floyd Tucker Jr., 3005 Wayne Ave., has reported for duty at the Coast Guard Base, Galveston, Texas.

A former student of Granite City High School, he joined the Coast Guard in November 1971.

## Hearing on Clifford suit Dec. 4

A hearing has been set for 9 a.m. Wednesday, Dec. 4, in East Alton, in a slander suit filed by former Madison County building and zoning administrator Jack Clifford against the five members of the county's land use committee.

Clifford is seeking reinstatement to his position and is suing the committee members for \$750,000 each for allegedly slanderous accusations concerning his administration of zoning and building regulations.

Madison County Circuit Judge Harold Clark last week refused a petition by Madison County Assistant State's Attorney Donald Smith to dismiss the reinstatement portion of the suit because, Smith alleged, proper hearings and procedures had been followed in the dismissal of Clifford.

Clark gave Smith 20 days to file further pleadings on Clifford's request for a writ of mandamus to be reinstated.

Members of the Land Use Committee who are named in the suit are the chairman, H. Jack Franden of Alhambra, Nameski Township Supervisor Louis Whittell of Pontoon Beach, Michael Semanish of Maryville, James E. Greene of East Alton and Robert L. Ford of Wood River.

## Grant name change

The Nameck-Murdoch Bear Distributors, Inc., has officially changed its name to Vecsi, Inc., on its state charter. Secretary of State Michael J. Howlett, has announced. Correspondence for the corporation should continue to Rural Route One, Box 578, Granite City.

## Farmers' tax guides offered

By RONALD CORNWELL  
Extension Adviser

The 1975 farmers' tax guide is now available to Madison County farmers through the Cooperative Extension Service office in Edwardsville.

The guide is designed to help farmers prepare their 1974 federal income tax return. Examples throughout the booklet show how the tax laws apply to farming situations. Samples of the records and tax forms normally used by farmers illustrate how good records help the farmer prepare an accurate tax return.

Dale Mills, U. of Illinois agronomist at the Brownstown research field, has reported research results that will be of interest to Madison County farmers.

The two areas of main interest were a comparison of tillage systems and row width studies.

A conventional tillage system yielded 45 bushels of corn per acre. The fall chisel system was the highest yielding plot, with a yield of 91 bu. corn per acre, while the O-till system yielded 78 bu. per acre.

The ridge system yielded 77 bu. per acre while the bedding system yielded 80. The conventional system produced the best soybean yield (45 bu. acre) while the O-till system resulted in the poorest yield (31 bu. acre).

Due to adverse weather conditions this year, all yields were lower than normal.

The row spacing studies indicated a distinct advantage for the 8-inch rows. Williams soybeans were used in the study.

Demitrification may result when these soils become water saturated in the spring after ammonium has been converted to nitrate.

Fall applications are not recommended in the southern fourth of the state where soil temperatures stay warm late into the fall and warm up early in the spring. And fall applications are questionable in the south-central, claypan area of Illinois.

Spring applications or sidedressing after planting will usually give better results in both of these areas.

### Third fire victim dies

Del Lyn Weber, 4, became the third member of a former Granite City family to die as the result of a fire that swept through the family's mobile home in Springfield, Ill. during the weekend.

The boy died at 5:10 p.m. Monday in Springfield Memorial Hospital of smoke inhalation suffered in the fire. His father, Lawrence D. "Larry" Weber, 30, was pronounced dead at the scene Saturday night and another son, Daniel Wayne, 1, died at 3:45 p.m. Sunday. The three deaths were attributed to smoke inhalation.

The boy leaves his mother, Mrs. Sharon Weber, 25, who was not home at the time of the fire. The family lived in Granite City

prior to moving to Springfield four months ago. Mr. Weber formerly was employed at Granite City Steel.

Other survivors are his grandparents, Mr. and Mrs. Fred Weber and great-grandparents Mr. and Mrs. Henry Clemons, all of Granite City.

Triple funeral services for Mr. Weber and his two sons were held this morning at a Granite City funeral home.

### Paul Gensert dies at 52

Paul Gensert, 52, of 2851 Lawnview Drive, St. Louis, father of David Gensert of Granite City, died at 6 p.m. Tuesday at his home. According to the family he apparently suffered a heart attack.

Mr. Gensert was employed at the Boise Cascade Co., St. Louis.

Other survivors include his wife, Mrs. Ellen Gensert; another son, Mike Gensert; and a daughter Mrs. Jimmy Burgess both of St. Louis; a sister Mrs. Marie Marichen of St. Louis; a daughter-in-law, Mrs. David (Mary Ann) Gensert of Granite City, who is a teacher at Granite City High School South, and one grandchild.

Funeral arrangements are pending at a St. Louis Mortuary.

**BURGLARY ON LEE.** A tape player and four speakers were stolen from the home of Karen Pulley, 2221 rear Lee Ave., it was reported this week. Entry was gained by forcing open a door.

### Truck driver shot fatally in Madison

Robert Mullady, 51, Springfield, Ill., was pronounced dead of a gunshot wound at St. Elizabeth Hospital at 11:40 p.m. Monday.

Mullady was reported shot in the 100 block of State Street in Madison.

Edward Werner, deputy coroner, said the bullet was of either .38 caliber or .45 caliber and passed through the body. The bullet entered the left side of the back, passed through the heart and exited in the front.

Madison police were notified of the shooting by hospital authorities.

Several persons in a tavern near where the shooting took place were questioned by the police, but were unable to offer any information.

Madison Detective Paul Bargiel said that no one reported hearing the shot.

Bargiel said police are looking for a small, yellow auto with an off-colored top, possibly a sports model.

"Anyone with any information about the shooting, who heard the shot or saw a similar type vehicle around 1 a.m., I would appreciate them contacting me at the Madison police station. All information will be held in strict confidence," Bargiel said.

Mullady reportedly was an independent truck driver operating between Springfield, Ill., and St. Louis.

The body was taken to a Springfield funeral home.

### Rites for Charles Belmer

Funeral services were conducted at Tri-City Park Tabernacle at 1 p.m. today for Charles M. Belmer, 81, of 10475 Glen Ellen Drive, San Diego, Calif., formerly of 2212 Waterman Ave.

He died at 9 p.m. Sunday at Mount Helix Hospital, San

Diego, where he had been a patient for six days.

Born in Minelamott, Mo., Mr. Belmer resided in Granite City 40 years, moving to California in January this year.

He was a member of Tri-City Park Tabernacle and belonged to Masonic Lodge 877 and Granite City Laborers' Local 397. Mr. Belmer was a retired construction worker.

His wife, Mrs. Mamie Belmer, died Dec. 17, 1973.

Survivors include three sons, Ivan Belmer of St. Louis, Glen Belmer of San Diego, Calif., Leonard Belmer of Ashland, Ore.; one daughter, Mrs. Paul (Nola) Kill of Colorado Springs, Colo.; two sisters, Mrs. Edith Norn of Union, Mo., and Mrs. Mae Whaley of Collinsville; one brother, John Belmer of E. Leroy, Mich., 15 grandchildren and five great-grandchildren.

Details are given in the obituary column.

**POSSESSION CHARGED.** Harold J. Dickerman, 25, of 2310 Parkview Drive, and Gleason L. Knox Jr., 26, of 4225 Marigold Drive, Pontoon Beach, were charged with possession of cannabis (marijuana) after Pontoon Beach police stopped a car driven by Knox at 3:45 a.m. Saturday in the 3800 block of Pontoon Road for a bad tail light. Officers said that when Dickerman, a passenger, got out of the car, the police discovered a bag allegedly containing marijuana.

**Tree of Lights' kickoff Saturday**

The official kickoff of the annual Salvation Army Tree of Lights campaign will be held at 10 a.m. Saturday in Civic Park across from the YMCA, according to Steve Bristol, chairman of the drive.

Bristol announced the goal for this year's Tree of Lights campaign is \$16,500, a \$300 increase over the \$16,200 raised last year. The quota last year was \$13,500.

Each light on the Christmas tree, when lighted, will represent \$25 collected toward the goal.

Bell ringers will take to the streets Friday to help raise money for needy families and to buy clothes for children during the Christmas season.

Sunday school classes, organizations or individuals wishing to help with the bell ringing are asked to contact Capt. Ronald Kerley at 451-7857.

## What's bothering us Illinoisans? Inflation

Inflation was the major concern of Illinois voters on election day, according to a survey taken by U. S. Senator Charles H. Percy (R-Ill.). The survey, Percy said, measured voters' attitudes toward public officials and such issues as inflation, crime and integrity in government. The results were collected on Wednesday, Nov. 6, the day after the election.

Of the 1,051 voters who responded to the post-election questionnaire, 53 per cent said they were concerned most about the nation's economic condition.

The remaining 47 per cent indicated the following issues as their major concerns: Honesty and integrity in government, 23 per cent. Unemployment, 18 per cent. Crime and public safety, 4 per cent.

Other, 2 per cent. "Poor economic conditions, combined with recent political events, have eroded the public's faith in government officials," Percy said.

Sixty-eight per cent of those who answered the questionnaire viewed politicians unfavorably. Sixty per cent were critical of all public officials. Reasons for the adverse

reaction to officials were checked as follows:

Inflation, 50 per cent. Watergate, 30 per cent. Cynicism, 22 per cent. Crime, 2 per cent. Other, 15 per cent.

Chicago commuters were the largest group polled by the survey. Of the 1,051 questionnaires tabulated, 622 were collected from passengers riding various Chicago and North Western Railway and CTA lines.

One hundred ninety-three of the responses came from questionnaires distributed in Springfield; 125 came from Peoria; and 111 from Rockford. Of those polled, 98 per cent said they have not changed their party affiliation in the last two years. The breakdown of party identification was as follows:

Democrat, 53 per cent. Republican, 36 per cent. Other, 11 per cent.

"Those elected in this year's election received a negative mandate from voters," Percy said.

Though 85 per cent in the post-election survey said they had voted, preliminary statewide statistics show that only 52.11 per cent of Illinois' registered voters went to the polls. "Voter apathy and cynicism will continue to grow and weaken our two party system of government unless public officials initiate positive programs which deal effectively with the nation's problems," Sen. Percy concluded.

## New GC Floral shop opened

A new florist shop known as Floral Original, located at 1414 Twenty-first St., has been opened by Ron Kelih and Ed Kirby.

The shop will be open from 8:30 a.m. to 5 p.m. Monday through Saturday, according to the partners. They will specialize in custom floral pieces for weddings, anniversaries, and other occasions, and will be associated with a telegraph service.

Kirby, who resides in Collinsville, formerly worked for Herring Florist for four years. Ron Kelih was employed at Herring Florist for a year and a half and also attended South Florida School of Floral Design during the summer of 1973. The two men are planning an open house and grand opening scheduled for the first part of December.

## CALLING ALL HOME MAKERS

Brought To You By Mrs. Carol

DO YOU HAVE THE RIGHT FURNITURE FOR YOUR FAMILY ROOM?

Because a family room has so many uses, by so many people, it needs some extra planning and thought. Here are a few ideas.

To give a family room the mood you want, you might consider a furniture piece that has shelves which can be used to display hobbies, a collection, or something special you'd like to show.

Many family rooms are decorated with furniture that is light and airy, so it can be easily moved for the changing functions of the room - yet you should consider getting furniture that is durable enough to withstand the hard use it gets in a family room.

The right sofa can be the making of a family room, and how about a real lounge chair and good reading lamp?

For a table in the room, you might want to think about getting one that can be used for both dining and cards or games. If you need any help in furnishing your family room, stop in. We'll look forward to seeing you.

**APPRECIATION AWARD** of the Granite City Park District was given at a yearly dinner to Mercer Mortuary for its diverse contributions to the park district and community sports programs. Accepting an engraved silver bowl from Barry Loman (right), vice-

president of the park district, are Mr. and Mrs. Frank (Genevieve) Mercer at left. Loman noted that Mercer, a retired U.S. Air Force colonel, is a former high school football star and played the sport while attending Illinois State University.

**AWARD PRESENTATION.** Left to right are Mrs. Ruth Schroeder, daughter of the late Madison County Coroner Bob Thomas, Barry Loman, vice-president of the Board of Park Commissioners in Granite City, and

Robert H. Thomas, son of Bob Thomas. They accepted the award on behalf of their father. During his long association with Mercer Mortuary, there was extensive sponsorship of athletic programs.

## Time to prepare to send holiday cards

As soon as Thanksgiving comes, begin to make out your Christmas cards; an early start reduces tension and insures that your friends and relatives will receive your card before Christmas. For proper Christmas card etiquette, follow these suggested points of courtesy, University of Illinois Extension Family Life Specialist Claretta Walker advises.

Even if you had your cards printed or engraved, you should personally sign any cards you're sending to relatives or close friends, she says.

When signing a printed or engraved card, the wife's name comes first—"Jane and Jim Brown," she adds.

However, the signer writes the spouse's name first on cards without a printed or an engraved signature. For example, a wife would sign "Jim and Jane Brown."

List children's names separately after Dad and Mother's name to properly include them in the signature. Unless a person with a title is your close friend, always address the card with the title—"Doctor and Mrs. John E. Jones."

During periods of mourning, it's proper to send Christmas cards. After a recent death, select your card with care. Avoid "Merry Christmas" and send one with "Season's Greetings."

The display of Christmas cards on wall and mirrors adds a festive note to your decor. It flatters the sender, conveys how much you enjoy receiving cards, and it's proper, she relates. Her final advice: "You need not send a Christmas card for everyone that you receive. Still, always return a Christmas card to a person you love, respect and admire. In addition, return a card to anyone whose friendship you wish to cultivate."

**BLAST RIPS HOUSE**  
Elizabeth Anderson, 204 Grand Ave., reported that while she was asleep at 4:10 a.m. Saturday someone fired a shotgun at the rear door of her home. Police found large holes in the rear glass door and screen door. Holes also were found in the kitchen and bedroom walls.

### Scripps expedition includes GC man

Richard K. Cardwell, son of Mr. and Mrs. K. B. Cardwell, 3263 Edgewood Ave., is participating in the Scripps Oceanographic Institute expedition to the Galapagos Islands.

The scientists aboard the ship, Melville, left Balboa, Panama, Nov. 16 to cruise the trench area off the coast of Central America.

The vessel will stop at Galapagos, cruise east along the Pacific rise and return to San Diego about Dec. 19.

Purpose of the cruise is to map the ocean bottom, dredge for rock samples and conduct seismic, gravity heat flow and magnetic surveys.

Cardwell received his B.S. degree from Northwestern University, Evanston, Ill. and is presently in the doctoral program in geophysics at Cornell University, Ithaca, New York.

### St. John Lutheran services Thursday

A Thanksgiving service will be held at 9 a.m. Thursday at St. John Lutheran Church, St. Clair and Dale avenues, according to the pastor, the Rev. Samuel Boda.

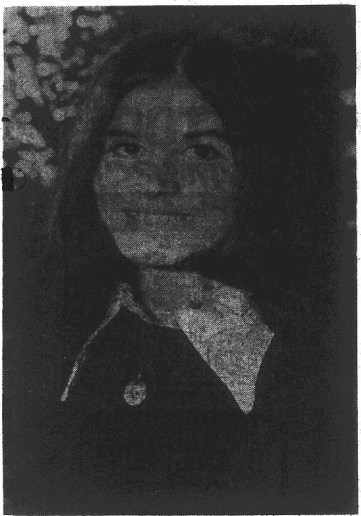

The Rev. Boda will present the sermon. Seminarian Godfrey Jarabak will assist at the altar and Mrs. Phyllis Jarabak will provide special organ music.

Following the sermon, members of the congregation will place donations of canned goods for needy families on a Thanksgiving table set up in the sanctuary. The food items will be included in gift baskets to be delivered before Christmas.

MISS GAIL PULLANAS, whose parents, Mr. and Mrs. George Pullanas, 779 Cross Creek Drive, Creve Coeur, Mo., are announcing her engagement to Thomas G. Miosky of Granite City. A July wedding is planned.

### Gail Pullanas is bride-elect

Mr. and Mrs. George Pullanas, 779 Cross Creek Drive, Creve Coeur, Mo., formerly of Valparaiso, Ind., are announcing the engagement of their daughter, Gail Jill, to Thomas G. Miosky, son of Mr. and Mrs. George T. Miosky, 3136 Colgate Place.

The bride-elect's father is vice president-administration, Granite City Steel Division of National Steel Corp.

Miss Pullanas is a senior at DePauw University, Greencastle, Ind., where she is majoring in elementary education. She is a member of Kappa Kappa Gamma, national social sorority.

Her fiancé is a graduate of St. Louis University where he received his bachelor of science degree, majoring in biology. At present, he is studying for his master of science degree in

### Thursday services at Nameoki Church

"Thanksgiving, Possible Now" will be the sermon topic at the Nameoki United Presbyterian Church, 1700 Pontoon Road, to be presented Thursday by the Rev. Don Pierson, pastor.

Services, beginning at 7 p.m. tomorrow, will be followed by refreshments. The social hour will be hosted by the board of

### Emerson teacher named BPW 'Young Careerist'

Miss Nancy Rose Benson, a first grade teacher at Emerson School and a homebound instructor in the local school system, was selected the Granite City Business and Professional Women's Club 1974-75 "Young Career Woman" at a dinner meeting last week at Charlie's Restaurant.

Miss Benson, a Granite City High School graduate, received her bachelor and master degrees in elementary education from Southern Illinois University at Edwardsville. She has taught in the Granite City School District since 1970.

The award winner will represent the local business women's group at the BPW District 14 spring conference. The district winner then will advance to state competition at the Illinois BPW convention.

Two other candidates competing for "young careerist" honors were Almeda Well and Susan Bax, both of Granite City. As part of the judging requirements, all three candidates delivered a talk at the dinner, based on the topic "Design For My Future."

In her speech, Miss Benson pointed out that "Trying times are times for trying. We must encourage women to prepare for the future because the world needs their talent," she said.

"We must use our potential and do the things that our environment requires of us," the award winner stated. She believes that an abundance of brain power is wasted, Miss Benson said, and commented that she hopes her life will become an inspiration through expression and example.

Members of the judging panel were Sally Burton, Collinsville BPW president; Rene Calcarri, a teacher of consumer education at Adams High School; and Shirley Adams of the local BPW club.

Mrs. Mary Batson, program

deacons, Ray Hankins,

chairman, advised.

Special music will be provided by the chancel choir under the direction of Mrs. Beverly Scroggins.

MISS NANCY BENSON 'Young Career Woman'

chairman, introduced the candidates and judges to the 150 members and guests assembled at the dinner.

The principal speaker was Calcarri, who offered 11 points as a guideline to consumers for "stretching a dollar and getting more for your money."

The educator suggested reading all labels on purchases and taking advantage of coupons and sales. "Make sure, however, it is a genuine sale and not just merchandise the store operator wants to move in a hurry," he said.

Check dates on perishable items and stay away from convenience foods, he urged the BPW members. He said making one's own TV dinners with leftovers, can save considerable expense.

Beware of the "bait and switch" tactic which gets you into a store for a sale item and then offers a substitute or a more expensive brand, Calcarri stressed. Always shop for quality merchandise and ask for a guarantee or warranty, he added.

Miss Annelen Smith, BPW president, announced that a sewing machine has been purchased by the club and donated to the Colonial Haven Nursing Home for use in therapy. She also introduced a new member, Mrs. Blanche Richey.

The club's annual Christmas party will take place Dec. 18 at the Granite City Army Installation, with the past presidents in charge, Miss Smith reported.

QUILTING FRAME for use of Madison County Nursing Home residents, ranging in age from 72 to 96 years, who make and sell the quilts to buy items for the home, was presented Monday by Xi Theta Omega representatives. Linda Pickett, service chairman, left, and Mrs. Ellen Wilson, center, both of Granite City, to Mrs. Mildred Tessoro, nursing home activities chairman.

### Ladies Aid group plans events

The Ladies Aid Society of Bethesda Temple gathered to discuss future events. The program opened with prayer. Those attending, Brenda Roberts, Evelyn Childers, Mavis Moore, Connie Chronister, Sharon Munoz, Ima Messinger, Jeanette Weeks, Virgie Clapper, and Missy Browning, brought bowls to build up the church dish supply. It was announced that the

Rev. Pat Oden will conduct revival services for one week. They begin Sunday night. Members of the Ladies Aid will go to the Troy Professional Care Home to present a Christmas play on Dec. 18 at 7:30 p.m., and will present the same play at the church on Dec. 21. On Dec. 14 the Ladies members and their husbands will attend a Christmas dinner at Heritage House.

### Lake seeks better home-school links

New procedures initiated this year at Lake School to improve home-school communication were outlined by Lake Principal, Edward Gwiza for PTA members last week.

Gwiza said a joint effort by parents, teachers and students has permitted publication of a school newspaper.

Other methods being used, include informal coffees on the second Thursday of each month when parents meet with teachers in a relaxed atmosphere to discuss mutual concerns, and a monthly lunch date during the third week with parents being invited to have a midday meal with their school child.

Also addressing the PTA unit was Mrs. Mary Evans, who discussed facts about nutrition and its effect on learning ability.

A student talent show was presented as entertainment.

Those performing were Sara Keel, John Roland and Laura Withers, first grade; Rhonda Goforth, Trina Kilponen and Debbie Strain, second grade; Phillip Clutts, third; Jill Bledsoe, Tari Hanfelder, Laura Conical, Kathleen Rakowski and Chris Ybarra, fifth grade; and Sherri Burns, Taina Kilponen, Jill Robertson and Connie Siebert, sixth grade.

### Logan PTA fetes candy salesmen

Logan School PTA officers conducted a special ceremony at the school to honor students who excelled in the candy sale held recently as a fund-raising project.

Top prize winners were Connie Parker, first; Kathy Tibbs, second; and David Ray, third.

Kindergarten room winners included Mark Miller, morning class, and Stacy Williams, afternoon class; first grades Angie Johnson, Kevin Walker; second grade, Jerry Belliveau, David Willmouth; third grade, Nancy Flaughner and Janet Elliot; fourth grade, Sandy Dennis and Rick Filer; fifth grade, Cheryl Dickerson and Pamela Bax; sixth grade, Richard Hargrove and Richard Miller.

### Poison Control meeting topic

Robert Jaeger, a pharmacist connected with the Poison Control Center at Cardinal Glennon Hospital, was the speaker at a meeting of Nameoki School PTA last week.

He spoke on the accidental poisoning of children, noting this happens more often with children from 3 to 9 years of age. "Two main points for parents to remember if their child should need help is first to keep calm, and then contact a poison control center for information on an antidote," the speaker said.

Jaeger announced in connection with the Mr. Yuk program that St. Elizabeth Hospital, Granite City, is one of five area hospitals working with the poison control center at Cardinal Glennon.

With most poisoning accidentally taken by children, there usually is a 25-minute time period before the poison would take effect, thus giving the parents time to seek help, Jaeger reported.

The telephone number of the center at Cardinal Glennon Hospital is 314-772-5200, the guest speaker announced.

Refreshments were served by the kindergarten room mothers.

Vince Rogier, president of the unit, announced a Christmas program will be presented at the Dec. 17 meeting.

### Cradle shower for Mrs. Joyce Alford

Mrs. Joyce Alford was guest of honor at a cradle shower last week given by Mrs. Mildred Proffitt and Mrs. Betty Proffitt at the home of Mrs. Virginia Alford, 2208 Robert Ave.

A "special delivery" theme was used, featuring a large stork centerpiece on the refreshment table. The honoree received many gifts. Games were played and prizes were awarded by the hostesses.

Guests attending were Mesdames Lizzie Finley, Corrine Stevenson, Margie Staley, Lili Cowgill, Lou Huffstutler, Mary Beasley, Cheryl Huffstutler, Sheila Beasley, Angie Proffitt, Sandy Beasley, Linda Cowgill and daughter, Chris. Carol Skipworth and son, Timmie, Nancy Jacoby and son, Kevin, and Miss Regina Proffitt.

Those to take office at the annual meeting Jan. 8 at Tri Mor Bowl includes Vina Law, president; Elva Hoover, vice president; Grace Range, secretary; and Clara Schilling, treasurer.

Board members are Edgar and Grace Paddock, Helen Bertacchi, Lowell Law, Clyde Myers, Charles Kelly, Caroline Lux, Ruby Corbitt, Julia Mainor and Vernice Wortman.

One hundred and fifty members and guests attended the pot-luck dinner and meeting followed by entertainment by the St. Stanislaus Lodge dancers.

Mrs. Grace Paddock, Tree of Lights chairman, announced

club donations will light four bulbs for the Salvation Army. Mr. and Mrs. Arthur Lindner and Mrs. and Mrs. Orville Riess, Christmas party committee, will accept reservations for the holiday party until Dec. 5. A buffet dinner will be served at 6 p.m. on Dec. 11 at the Croation Hall. "Dudley's Band" will furnish the music.

The president announced the chapter will volunteer to be present at the Senior Center Sunday through Saturday and will host a sing-a-long at 2 p.m. on Dec. 8.

Prizes for the evening went to Frank and Fern Johnson, Fred Breyer, Walter Williams, Margaret Clark, Arthur Bertacchi, Cecelia Loyet and Frances Skubish.

Mr. and Mrs. Arthur Rankin served on the refreshment committee.

## Mrs. Lillian Howe is circle hostess

Mrs. Lillian Howe was hostess last week to Circle Four at the First United Presbyterian Church. A dessert course was served to 16 members.

All church circles will combine their efforts to host a party at the Colonial Haven Nursing Home in January, honoring patients whose birthdays occur within that month. Mrs. Arlene Fox, circle leader, announced.

It was reported the Nearly New Clothing Center, sponsored by the Quad-City Churchwomen United, has been relocated in Venice. The facility formerly was housed in the Salvation Army building.

Central Christian Church on Johnson Road has been designated a "drop-off" point for clothing donations to the Churchwomen's center. Mrs. Fox said.

Plans were made for a Christmas dinner at the church at 6:30 p.m. Dec. 17, to which husbands and other guests will be invited.

Mrs. Virginia John presented the program based on the Biblical character Bathsheba and taken from the current study book, "Women of the Bible."

The "Fellowship of the Least Coin" service was led by Mrs. Helen Matson, and Mrs. Eunice Witter read the "Yearbook of Prayer."

**BETHROTHED.** Miss Cynthia K. Todoroff and William Stuart Mills, whose engagement and forthcoming wedding are being announced by her parents, Mr. and Mrs. Nick Todoroff Jr., 3127 Colgate Place. A December wedding is planned.

## Mills-Todoroff engagement

Mr. and Mrs. Nick Todoroff Jr., 3127 Colgate Place, are announcing the engagement of their daughter Miss Cynthia K. Todoroff, to William Stuart Mills, son of Mr. and Mrs. William W. Mills, 2 Glenview Place, Collinsville.

Miss Todoroff, a 1969 graduate of Granite City High School, received her bachelor's degree in special education from Illinois State University at Normal.

The bride-elect presently is employed by the Granite City School District and teaches at Maryville and Mitchell elementary schools.

Her fiancé was graduated from Hartford City High School, Hartford City, Ind. He received his bachelor's degree from McKendree College, Lebanon, Ill., and his master's degree from Southern Illinois University at Edwardsville. Currently, he is working toward his doctorate at St. Louis University and also is employed as supervisor of Special Education Region I which includes Granite City, Madison and Venice.

Plans are being completed for a Dec. 22 wedding at the Holy Trinity Bulgarian Eastern Orthodox Church in Madison.

## New Hope installs

Mrs. Aline George and Max Merz Sr., were installed as worthy matron and worthy patron of New Hope Chapter 432, Order of the Eastern Star, in public ceremonies at the newly renovated Masonic Temple.

Soloist Elvin Kendall, a member of New Hope Chapter, sang the Lord's Prayer and "I'll Never Walk Alone" to the worthy matron and patron during the service. He was accompanied at the organ by Lois Northcutt, grand lecturer of Collinsville Chapter.

Burning tapers in wishing wells, arranged with a variety of orchids, decorated the hall for the annual program.

Other officers participating in the installation included Charlotte Root, associate matron; Lloyd Root, associate patron; Lucille Lipe, secretary; Chloe Simpson, treasurer; Laverne Odum, conductress; Mary Edwards, associate conductress; Marilyn Whitworth, chaplain.

Lucille Veatch, marshal;

Howard Prewett, organist; Naomi Brown, Adah; Thelma Stockton, Ruth; Shirley Schilling, Esther; Charlotte Robinson, Martha; Miriam Ozanick, Elecia; Helen Love, Warder; Gerald Shade, sentinel; and Harold George, color bearer.

Members and guests were welcomed by Mrs. Thelma Prewett, the retiring worthy matron.

Serving as installing officers was Kathryn W. Gorecki, worthy grand matron of Illinois and Marilyn Whitworth and Donna Woodard, past matrons of New Hope Chapter.

They were escorted by Harold Stanfield, worthy grand patron of Illinois, and Lloyd Whitworth and Al Woodard, past patrons of New Hope.

About 225 people who attended the event followed by a reception in the dining room. The first meeting to be conducted by the new corps of officers will be on Friday, Dec. 6.

## Coterie plans Yule luncheon

Mrs. Marvin Edgington and Mrs. E. F. Beale were named co-chairmen of a Christmas party for members of the Ladies Coterie during a meeting held at the home of Mrs. Mark Pickett, 2200 Garfield Ave.

Tentative plans were discussed by the chairmen for the holiday event, set for Dec. 5 in the Officers Club at the Granite City Army Installation. A gift exchange will be held.

Mrs. E. H. Theis, president, was in charge of the business session and Mrs. Bonard Maples gave the club collect. Opening prayer was offered by Mrs. Merlin Hiscott.

A silent auction was conducted by Mrs. Dawson Wade, program chairman. Mrs. Pickett served a luncheon, including pumpkin pie, to 27 members.

## Xi Epsilon plans Christmas party

Xi Epsilon Chi Chapter of Beta Sigma Phi met last week at the home of Martha Jean Dyer in Mitchell, with President Linda Loeng presiding at the business meeting.

Final plans for the Christmas Party Dec. 6 at Mrs. Bruno's in Collinsville were made.

Preliminary plans for the Sweetheart Dance to be held Feb. 15 at the Officers Club by the Sorority City Council were discussed, and the convention, to be held in April in Granite City, was reported on. Reports by various chairmen of standing committees were submitted.

Marilyn Lumpkins led the cultural program followed by a dessert course served to the above and B. J. Jones, Pat Winters, Marilyn Harris, Mae Ebling and daughter, Jane Laule, JoAnn Macios; Marty Herman, Lois Mullin, Carol Cathey, Donna Lane.

Refreshments were served by Florence Spoor, Ruby Rice, Glean Jean Olson, Maude Graham and Virginia Baker. They used Thanksgiving motifs for the table appointments.

## Thanksgiving Day

Amid everything... We have much to be thankful for and many things to give gratitude to God for.  
"How great is the sum of them! I should count them, they are more in number than the sand."  
Psalms 139:17, 18

And from the Presidential Proclamation...

"This year, in the midst of plenty, we still face serious problems and massive challenges. In giving thanks for the things that hold dear, let us also pray for the courage, resourcefulness and sense of purpose we will need to continue America's saga of progress, and to be worthy heirs of the Pilgrim spirit. May we, too, find the strength and vision to leave behind us a better world, and an example that will inspire future generations to new achievements."

**NOW, THEREFORE,** I, GERALD R. FORD, President of the United States of America, in accordance with Section 6103 of Title 5 of the United States Code, do hereby proclaim Thursday, November 28, 1974, as a day of national thanksgiving.

I call upon all Americans to gather together in homes and places of worship on this date, to join in offering gratitude for the countless blessings our people enjoy, and to share with the elderly and the unfortunate this special day that brings us all closer together."

**3. Guaranteed Against Tread Wear**  
The original tread is guaranteed not to wear out for the number of months designated. If tread wears out during this period, the tire should be returned to Grants and we will replace it, charging the current regular selling price plus Federal Excise Tax less the following percentage allowance toward the purchase of a new tire:

Two Guarantees	Allowance
18-27 Months	10%
28-40 Months	25%

The guarantee covers fires in passenger car service only. Passenger car fires used in commercial service reduce the guarantee period by 50%.
